Conditions: _____

APPLICATION TO PERMIT WORK* ON A TOWN OF RHINEBECK ROAD

(Other than driveway work)

GUIDELINES

Any person, firm, corporation, or other entity desiring to gain access to a Town road or perform work within or along a Town road must obtain a permit from the Town of Rhinebeck Highway Department.

Written application for a permit must be submitted on the Department's application and submitted to the Highway Department at least two (2) weeks prior to the commencement of work unless an emergency condition is determined by the Highway Superintendent or Superintendent's representative.

Any required fees and a detailed site plan (showing the full dimensions of the proposed work and including the locations of utilities) and any other data required by the Highway Department must accompany the signed application. A work performance security deposit to guarantee that the work described within the permit will be completed as specified may be required at the discretion of the Highway Superintendent or the Superintendent's representative. A certificate of insurance may be required as a part of the permit application.

Permission to work may not be transferred.

It is the responsibility of the applicant or applicant's representative to call "Dig Safely New York" at 1-800-962-7962 before excavation or demolition work.

Work must be conducted in a manner that minimizes adverse impact to traffic on the Town road. Equipment and materials may not be stored on the Town road or in the Town's right-of-way. The Town road must be kept free from debris, including tools, equipment, earth, storm water, vehicles and construction materials at all times. The road must be clean and passable to traffic at all times.

The Town will be held harmless of any damages that may arise during work authorized by the permit, or by any reason thereof.

Work must be available for inspection by the Highway Department during normal business hours and at any time with 24 hours' notice to the permittee.

The Highway Superintendent reserves the right to restrict hours that work may take place due to traffic, safety, weather or any other condition.

The Highway Superintendent or the Superintendent's representative reserves the right to halt work, revoke, or cancel a permit at any time. If a permit is revoked, no lawful access to the Town road is granted.

Applicant agrees to restore the town road to its original condition.

Applicant agrees to notify the Highway Superintendent when the work has been completed.

The applicant agrees to defend any claim, suit, action, or judgment brought against the Town of Rhinebeck for any negligence, damages, or injuries relating to the permitted work. The Town reserves the right to select any counsel to represent it for the defense of any claim, suit or action arising with all fees and disbursements to paid by the applicant.

I acknowledge that I have read and understand the above guidelines and agree to conduct all work in accordance with the guidelines and any other conditions that may be imposed by the Highway Superintendent or the Superintendent's representative.
